CALIFORNIA PROPOSITION 65 DECLARATION

It is required by state law for all materials sold to customers in the state of California to include a warning for products containing chemicals known to cause cancer, birth defects, or other reproductive harm. A number of the alloys sourced by or supplied through Hyndman Industrial Products, Inc. include the elements nickel (metallic) and/or chromium which can be found on the Proposition 65 chemical list. In accordance with California's Safe Drinking Water & Toxic Enforcement Act of 1986 (Proposition 65), shipments made to customers in the state of California will include the following warning:

⚠ WARNING: Cancer and birth defects or other reproductive harm -
www.P65Warnings.ca.gov.

Please find additional information pertaining to these elements below; material Safety Data Sheets (SDS) are available upon request and material datasheets are available at <https://resistancewire.com/resources/alloy-specs/>.

Alloy Chemical Composition: Alloyed nickel and alloyed chromium, in their solid states such as in wire or ribbon, are not considered hazardous. Additional processing such as welding, cutting, or grinding may generate or release particulate, dust, and/or fumes which may be hazardous to the health of those exposed. Stainless steels, including FeCrAl alloys, may contain Hexavalent Chromium. (CAS number for nickel is 7440-02-0, and 7440-47-3 for chromium).

For a full list of chemicals known to the state of California to cause cancer or reproductive toxicity, please visit: <https://oehha.ca.gov/proposition-65/proposition-65-list>. Additional information on California's Proposition 65 may be found at <http://www.P65Warnings.ca.gov>

If you have any questions or concerns regarding material sourced by or supplied through Hyndman Industrial Products, Inc., please contact us by phone at 888-496-3626 or by email at engineering@resistancewire.com.

Best Regards,

Joseph E. Hyndman
President
